EDUCATION

University of Cumberlands   *Williamsburg, KY*
Master of Data Science   *Dec 2025*

EXPERIENCE

Teaching Assistant, Minneapolis Community and Technical College   **Jun 2021 - Aug 2021**
- Keep track of assignments dates
- Assisted students and graded their programming assignments, written homeworks and exams.

Math Tutor, Minneapolis Community and Technical College   **Jan 2020 - Dec 2020**
- Instruct approximately 30 students in acquiring mathematics concepts over 2 academic semesters, enhance their problem-solving skills and introduce distinctive mathematical methods to foster their cooperative learning.
- Utilized effective teaching methods and tutors' training to clarify complex topics, address learner's learning needs, and encourage a positive learning environment.
- Managed student appointments efficiently, and provided technical support to coordinators to contribute to the improvement of students' performance. Participated in relevant training sessions and complete training assessments.

PROJECTS

Weather App
- Built the front end app, where users provide their location to check the weather, using the third party services to render the data to users with **Node JS** and **Express JS**.

TECHNICAL SKILLS

- Languages: **Python, SQL, Java, JavaScript, HTML/CSS**
- Tools/Libraries/Technologies: **git, MySQL, Numpy, Pandas, Matplotlib, React JS, Tableau**

CERTIFICATIONS

- Excel Essentials for Data Analytics by Coursera
- Python for Data Science and AI by Cousera
